

Filtering and Monitoring REVIEW

Have specialists at SWGfL support your new obligations to review your filtering and monitoring provision, as well as checks to validate your systems are working

Purpose:

-  **Compliance:** Satisfy DfE Filtering and Monitoring Standard 2 by conducting an annual review.
-  **Holistic Strategy:** Develop a shared approach to filtering and monitoring.
-  **Clarity** Define roles and responsibilities, ensuring they are well-implemented and reviewed.
-  **Practical Tools:** Equip your team with skills and knowledge to maximize your current product's potential.
-  **System Integrity:** Optionally verify the functionality and setup of your systems.

What's Involved

	People:	Process	Product
Activity	Physical or virtual meetings with key staff (DSLs, SLT, IT Managers).	Review and map safeguarding processes, involving staff and pupils.	Assess knowledge and skills related to your filtering system.
Outcome	Establish a common language and transparent decision-making.	Identify improvements through data-driven decision support.	Gain a deeper understanding of your systems and what to ask your provider.

Benefits

Insight: Gain crucial insights into your systems, shareable with the entire school community.

Empowerment: Be informed and prepared to question your provider, ensuring your product meets safeguarding needs.

What You'll Receive:

- ✓ Physical or virtual meeting to assess your current provision
- ✓ Recommendations report with positive implementation highlights and improvement plan.
- ✓ Optional on-site system check (additional cost).

Pricing

- Filtering and Monitoring Review** (including written report): £1,000
- Optional Filtering and Monitoring System check:** £700

Prices exclude VAT and travel expenses.
