

NOT YOURS TO SHARE

#swiperightnotwrong

What is revenge porn?

- Intimate image abuse, known as 'revenge porn' is the act of sharing (or threatening to share) intimate images or videos, either online or offline, without consent with the intention of causing distress.

Why don't you call it revenge porn?

- We think the term 'revenge porn' is misleading: it's not about revenge and it's not porn. **It's abuse.**

What does the law say?

- Intimate image abuse is against the law and can result in up to two years in prison.
Criminal Justice and Courts Act 2015.

What is voyeurism?

- If you take sexual or nude pictures of someone without their consent, that's voyeurism. A picture under their clothing? That's upskirting. These are against the law too and classed as sexual offences.

What is sextortion?

- If someone tricks you into online sexual activity which they record and then demand money, that's sextortion.
